Good Afternoon Mags , yes it's difficult to give you a cost as it's a little vague as what you require so i will narrow it down to a few options.

| | |
|---|---|
| Cut and collect the grass verges | £525 per cut +VAT |
| Cut and collect the cemetery + Orchard | £625 per cut +VAT |
| Cut and drop the cemetery + Orchard | £400 per cut +VAT |

As you are probably aware the cut and drop option on the grass verges wouldn't work so not included in the options If i can be of any more assistance don't hesitate to contact me.

Kind regards
